- Dinosaur Board Game
- Board Game Answers

REMINDER:

- Be sure to connect live at 11:00 with a La Casita teacher for a special storytelling at La Casita de Ingles' Youtube Channel- [Click Here](#)

Games-

- **Dinosaur Dice-** First, we need to make the dice. Follow the instructions on the attached sheet. Roll the dice! See what dinosaur it lands on. Can you say there is/there are spikes/tails/legs etc.? Can you make a sentence in the past? Next, mark it off on the corresponding chart. First dinosaur to make it to the top of the chart wins! Who do you think will win?
- **Acrostic Poem-** Let's see your creativity! Create an acrostic poem about dinosaurs. An acrostic poem is a poem that the first letter of each line usually spells the topic of the poem.
- **Dinosaur Board Game-** Start by rolling the dice, move that many spaces and answer the question. If you get the question right, you can stay in the space you land on. If you get the answer wrong, you must move back to where you began before rolling the dice. Check your answers on the answer sheet.
- **Dinosaur Dominoes Game-** Begin by preparing the dominos. Next, read the instructions sheet attached. When you place down a domino you must count how many spikes there are and make a sentence using the vocabulary "**used to**".

CHALLENGE: Have an adult record your challenge and send it to your Casita manager.

Choose your 'favorite dinosaur' and present it in a video. The video should include the name of the dinosaur, whether it's a carnivore, herbivore, or omnivore, a physical description, and one other interesting fact about it that you can research online
